

SWA Review Document

Summary

Date	07/10/2026
Effort	15h aprox
Room/Location	Centro Integral de Documentación
Review Status	Open
Review name	SWAReviewCheckList_Sec01_Team_05.doc
Method	Intensive Inspection
Release	1.0
Responsible	Victor y Alejandro
Project	Codea
Reason of Review	Creación de documentos de arquitectura y funcionalidad, con la finalidad de establecer los requerimientos para las funcionalidades dentro de nuestro software.

Comment List

No.	Reference	Comments / Actions	Classification (E)rror/Risk / (R)emark	Responsible person/Planned date for completion	Completion(Name/Date)
1	NA	NA	NA	NA	NA

Check List

No	Description	OK / NOK / NR	Comment	Responsible person / Planned date for completion	Status
1	Does the design comply with the SW Requirements?	OK	NA	Angel, Daniela	Terminado
2	Are all requirements allocated to Architectural elements?	NOK	Falta actualizar requerimientos.	Angel, Victor 07/10/2026	Pendiente
3	Is the system context (environment) of the software architecture described?	OK	NA	Daniela, Angel	Terminado
4	Is a global overview of all SW function blocks (Functional Architecture) and SW components (Physical Architecture) provided, giving the reader a good understanding of the overall dependencies?	NOK	Las funcionalidades no están desglosadas por completo	Victor y Alejandro 07/10/2026	Pendiente
5	Are the functions identified from SW requirements and reviewed there are no missing functions?	NOK	No están todas las funcionalidades documentadas, por que en la revisión salieron más.	Victor y Alejandro 07/10/2026	Pendiente
6	Are the functional interfaces documented?	OK	NA	Alejandro	Terminado
7	Is each SW function mapped to one or more SW components? I.e. is there a mapping from functional to physical software architecture?	OK	NA	Daniela	Terminado
8	Do SW components' interfaces export only the needed data and functions (encapsulation principle)? If not, are the reasons given?	OK	NA	Angel	Terminado
9	Are diagrams (e.g. use case charts, sequence charts...) used were appropriate?	OK	NA	Alejandro	Terminado
10	Are the SW components identified?	OK	NA	Daniela	Terminado
11	Are the Physical Interfaces identified with a clear usage description?	NOK	Solamente se definieron las	Victor y Alejandro 07/10/2026	Pendiente

			funcionalidades, no como tal el uso		
15	Is the integration Plan properly described with the corresponding order for the software construction order?	OK	NA	Angel y Daniela	Terminado
